SEPTEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—COLORECTAL CANCER SCREENING: Cancer of the colon and rectum remains the third leading cause of male and female cancer deaths in the United States. Colon cancer has a good chance of cure if found early. Unfortunately, early symptoms are few. The best defense against colorectal cancer, or any cancer, is regular cancer related health checkups. Early detection is the key to successful treatment. Screening for colorectal cancer with hemoccult (guaiac) slides will be offered to all KSC/CCAS employees in the month of September. Kits containing the hemoccult slides, special instructions for correct use, a questionnaire and general information will be available at all medical facilities on the following schedule (or upon request to Carol Roth, 867-3414, BOC-005):

<u>Occupational Health Facility (OHF) (Industrial Area)</u> 24 hours a day/7 days a week	<u>Cape Area Clinic (CAC) (CCAS)</u> 7:00 a.m. - 3:30 p.m. Monday through Friday	
<u>Launch Area Clinic (LAC) (MFF) (LC-39 Area)</u> 8:00 a.m. - 4:40 p.m. Monday through Friday		(JJ-C)

INFLUENZA IMMUNIZATIONS: The influenza season in Florida will be here in the next few months. You can be protected from the most likely causes of epidemic flu by being vaccinated. Influenza immunization is especially important to those people with known heart, lung, or kidney problems; diabetes, anemia, or a reduced body resistance to infection.

<u>Occupational Health Facility (OHF)</u> 7:00 a.m. - 3:30 p.m. Monday through Friday	<u>Cape Area Clinic (CAC) (CCAS)</u> 7:30 a.m. - 3:30 p.m. Monday through Friday	
<u>Launch Area Clinic (LAC) (MFF) (LC-39 Area)</u> 8:00 a.m. - 4:00 p.m. until October 1 Monday through Friday 24 hours a day/7 days week after October 1		(JJ-C)

OCCUPATIONAL MEDICINE PATIENT SERVICES PROGRAMS: All employees are reminded that nonoccupational-related information obtained from medical treatments, physical examinations, Health Education Program screenings, and mental, emotional, and substance abuse counseling through the Employee Assistance Program is PRIVATE, STRICTLY CONFIDENTIAL, AND SUBJECT TO THE PRIVACY ACT. (JJ)

HISPANIC EMPLOYMENT WORKING GROUP: The HEPWG will sponsor the 14th Annual “Meet Your Directors Luncheon,” Friday, September 25, 1998, at 11:30 a.m. in the Lunch Pad, Visitors Center. This year’s guest speaker will be Mr. Alphonso Diaz, Goddard Space Flight Center Director. The menu includes paella, pork, rice, beans, tortillas, corn, and salad. Tickets are \$9 and can be purchased from the following individuals:

Eduardo Lopez de Castillo	HQ, 3211A	7-2565	Heri Soto	SSPF, 3034G	7-6187

INTEGRATED FINANCIAL MANAGEMENT PROJECT (IFMP) NEWS: NASA Headquarters initiated an effort to implement a small portion of IFMP Performance Budgeting (formulation) by September 28, 1998. This early implementation will be limited in its scope and is intended mainly as a Headquarters budget integration tool until IFMP becomes fully operational. In order to certify that this early budget software is functionally acceptable to NASA, a test team was established to perform acceptance testing. The team consists of representatives from NASA Headquarters and five of the field centers. Testing was initiated on Wednesday, August 26, by the test team. Dicksy Hansen at 867-2083 is the test team member for KSC. Visit the KSC Chief Financial Officer’s (CFO) homepage for local information about IFMP. Visit the NASA Headquarters IFMP homepage (<http://ifmp.nasa.gov>) for detailed IFMP information. (GG-B)

COMBINED FEDERAL CAMPAIGN: The Combined Federal Campaign kickoff rally is rapidly approaching! The rally will be held in the KSC Training Auditorium on October 1, 1998, beginning at 9 a.m. Do you have a “CFC Success Story?” Please take a moment to tell us about your experience or why you donate to a particular charity. Please forward your story to Mike Sumner at the following email address: mike.sumner-1@ksc.nasa.gov. (AB)

RECORDS ROUNDUP: The Annual Summary of Records Holdings will be conducted at KSC during September. The goal is to make records filing and retrieval more efficient, and increase office space by following approved disposition instructions in NPG 1441.1C. The KSC Records Management Guide contains detailed instructions about KSC records management procedures; see your RCO for a copy. Questions may be directed to your organization’s RCO or to Judy Wheeler, Records Manager, 867-4540. (FF-S2-A)

FALL INTERCENTER RUN: SEPTEMBER 24 AT 5 P.M.: The KSC Fitness Centers will be sponsoring the 9th Annual Fall InterCenter Run on Thursday, September 24, at the Shuttle Landing Facility. The 10K, 5K, and 2-Mile walk/run are FREE for all KSC employees. Stop by either Fitness Center by September 14 to preregister. T-shirts and tank tops may be ordered at any NASA Exchange store. If you would like to volunteer, please call 867-7829. (JJ-C)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

KSC LIBRARY: The following specifications/standards are available in HQ, Room 1124, Library-D or by calling 867-3613:

JSC-SE-R-0006	Revision D (Change 6), 8/4/98 “General specification space shuttle system requirements for materials and processes”
JSC-SL-E-0002	Change 80, 8/10/98 “Space shuttle specification electromagnetic interference characteristics, requirement for equipment” (FF-S2-A)

MISUSE OF THE NASA INSIGNIA: Use of the computer templates, containing the NASA Insignia, for the production of NASA letterhead in electronic form is not authorized and should be removed from all computer systems. The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. “The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency.” If not approved for specific applications, electronic images of the NASA Logo (“worm”) and Insignia (“meatball”) should be removed from computer systems. (FF-S2-A)

NASA INSIGNIA APPLICATIONS: Special applications (e.g., publications, signage, vehicles, certificates, etc.) for use with the NASA Insignia should be submitted to the KSC Graphics Coordinator for review and approval from the NASA Headquarters Graphics Coordinator. Upon approval, in efforts to project a consistent image, the insignia may be reproduced only from original reproduction proofs, transparencies, or computer diskettes. (FF-S2-A)

DISPOSAL OF DISCARDED MATERIAL: All individuals are responsible for properly disposing of their excess materials (e.g., paper, boxes, metal, wood, etc.) which cannot be placed in a waste can, recycle bin, or dumpster, and should move such material outside. Waste materials are not to be left in hallways, corridors, and stairways. Disposal support must be requested via Trouble Call (867-3131) for nonmetal items that have been moved outside. KSC property, furniture, and all metal items must be excessed through the appropriate Property Office via Form 7-49. (FF-S1-A)

OFFICE COPIER USERS: Personnel using office copiers are responsible for using the machines for the reproduction of material necessary to the conduct of official business only; limiting the number of copies reproduced to no more than 15 pages for 20 copies each; and reporting machine malfunctions to the key operator. (FF-S2-A)

TECHNOLOGY TRANSFER PROGRAM: The main purpose of NASA's Technology Transfer Program is to transfer new technology to commercial organizations for ultimate benefit to the general public. The new technology items so transferred are often referred to as "Space Spinoffs." KSC and contractor employees are urged to participate in this important program by reporting their items of new technology. Such items may include any new or improved technique, tool, computer program, management systems or scientific data. KSC or contractor employees whose items qualify for publication in NASA Tech Briefs will receive a \$150 award. New Technology items should be reported on NASA Form 666A to the KSC Technology Transfer Officer, Jim Aliberti, DE-TPO. To obtain an electronic copy of NASA Form 666A or for additional information on KSC's Technology Transfer Program, visit the DE-TPO website at <http://technology.ksc.nasa.gov/DOC/ntr.html> or call 867-6210.
